

BIPOLAR RADIOFREQUENCY

Gently heating the skin tissues produces new collagen and immediately appears firmer, smoother and youthful.

VACUUM ASPIRATION

Vacuum technology lifts, bends and compresses the skin to increase and stimulate lymphatic drainage.

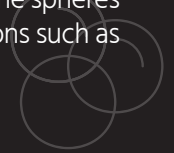

LASER LLLT

Integrated in all body handpieces, directly impacting the adipose tissue, reshaping the body.

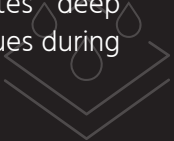

MESOSPHERE **NEW!**

Deep tissue massage aided by the rotation of soft silicone spheres acts directly on fatty deposits resolving any imperfections such as cellulite and simultaneously works on deep muscles.

MESOPORATION **NEW!**

A new, state-of-the-art function that promotes deep absorption of the cosmeceuticals into the skin tissues during a treatment.
